

Working Student Backend Development (m/w/d)

2019

Become part of our team in Ludwigsburg!

We are Feil, Feil & Feil. Our digital agency was founded in 2009 by Ulrich, Alexander and Philipp Feil as a family business. Today we are a proud agency of 40 employees in Germany and 50 in the Philippines. Growth has been in our DNA since our day one.

We are a multicultural office! Our team members come from China, the US, India and all over Europe (Croatia, Finland, Italy and Turkey). We are in contact with our Philippine office on a daily basis, which keeps us close to your colleagues in Manila.

Interested in joining us to push forward digital projects? Show us who you are and tell us what you want to accomplish with us. We're looking forward to receiving your application – please digital only to:

career@account.ffuf.de

Your Profile

- Enrolled studies at a German university or college
- Able to work 12-20 hours a week on site
- Experiences in PHP and Object oriented Programming (OOP); having some experience in the Symfony framework is ideal
- Have basic knowledge of SQL (MySQL, MS SQL)
- Familiar with agile methods (Kanban/Scrum)
- A structured, goal-oriented way of thinking and working
- A high sense for responsibility and quality awareness
- Analytical and systematic thinking
- Good knowledge of German and English languages
- Highly self-motivated and a fun team player
- High affinity for digital products mandatory

Your Job

No successful IoT mobile or web app can exist without strong APIs in the backend running on the cloud. Build them while others are still studying them! Earn some money and write your thesis:

- Deep insights into backend projects - development at product and component level
- Support the concepts and development of backend applications and interfaces
- Design relational databases
- Help to analyse business requirements
- Interdisciplinary teamwork (Germany/Manila)
- Learn from your team how to develop and maintain existing projects

What We Can Offer

- Rising agency with a lot of diversity in its teams and a friendly working atmosphere with hands-on mentality (flat hierarchies)
- Agile project work for well-known companies such as Daimler, STIHL and Hornbach
- Training and promotion opportunities thanks to clear company goals and a personal mentoring program (3 Month Goals)
- Team events and excursions (hikes, barbecues, soccer, beach volleyball)
- Own gym with 24/7 access, beverages for free
- Above average payment of up to 20€ per hour
